CONTENTS

1. Determination of Emtricitabine in Human urine by LC-MS/MS and its application for patient adherence61-66
Halde Supriya, Mungantiwar Ashish and Chintamaneni Meena
2. Synthesis and charecterization of some Lanthanide (III) complexes with N-(furfuralidene)-N ϵ -isonicotinoylhydrazine67-74
S. Satyabhama Devi and Ak. Manihar Singh
3. Conductance and ion association studies of unsymmetrical electrolytes of complexes bromopentammine cobalt (III) halides and perchlorate in water at different temperatures75-97
N. H. El-Hammamy, M. M. El-Kholy, A.I.Kawana and Ghada. A. Ibrahim
4. Preparations, properties and theoretical studies of a few polyimines containing ester linkages99-106
Vasishta D. Bhatt, Smita Srivastava and Ketul Patel
5. Phytochemical evaluation and quantification of primary metabolites of Maytenus emarginata (Willd.) Ding Hou107-111
Savita Sagwan, D.V.Rao and R.A. Sharma
6. Pharmacognostical Investigation of Wrightia Arborea Leaf113-117
Madhu C. Divakar, S. Lakshmi Devi and L. Panayappan
