

Indian Journal of Mathematical Modelling and Applied Computing

Volume 14, Number 2 (2025)

Contents

Privacy preserving on E-Health records based on Anonymization technique

S.Sneha,P.Asha

91-104

A New Algorithm for Developing Block Methods for Solving Fourth Order Ordinary Differential Equations

Oluwaseun Adeyeye and Zurni Omar*

105-111

On Intuitionistic Fuzzy β Generalized α Closed Sets

Gomathi M and Jayanthi D

112-128

MHD flow of a Visco-elastic fluid over an unbounded rotating porous plate with Heat source and Chemical reaction

G V Nagendra prasad G Nagesh, K Raghunath, Dr R Siva Prasad

129-145

A Mathematical Model for Regulation of Fuel Metabolism during Exercise in Hypopituitarism with Growth Hormone Deficiency

A.Manickam,M.Gayathri,M.Kavitha,K.Sathishkumar

146-157

Investigation of Haar Wavelet Collocation Method to Solve Ninth Order Boundary Value Problems

A. Padmanabha Reddy , C. Sateesha and Manjula S.H

158-171
